

ROCKSCHOOL Music

The course is as follows:

Students will all study an instrument and work to achieve the best Rockschool Grade (Debut-8) they can during the course. Instruments include acoustic guitar, electric guitar, bass, drums, vocals and ukulele.

Assessment is by practical exam: a video exam is recorded at school, and then submitted to RSL (Rockschool) for assessment (there is also the option of taking an exam via live stream or at a local assessment centre). There will be opportunities throughout Years 10 and 11 to do this when students are ready to take an exam.

Course description

Rockschool's graded music exams provide an opportunity for students to work towards accredited qualifications, playing the music they love. They assess progressive mastery on a musical instrument from Entry Level (Debut) up to Grade 8. Through reinforcing knowledge across all sections of the exam, they help candidates consolidate their learning and develop their skills in a more stimulating and enjoyable way.

Students will work with their teacher to prepare for a graded exam at appropriate times during Year 10 and Year 11.

Learning Outcomes:

- Be able to perform music in popular musical styles
- Be able to demonstrate technical ability on an instrument/voice through responding to set technical demands
- Be able to demonstrate musical understanding through a range of set tests
-

Prepared Work (per Grade):

- 3 performance pieces (5 if taking a 'performance exam')
- Technical work (not required if taking a 'performance exam')

Unprepared Work (per Grade) – *only if taken at an exam centre or live streamed*

- Sight Reading or Improvisation
- Ear tests
- General Musicianship Questions

Student Comments

"I have learnt how to play different musical instruments"

"Lessons are loud, I enjoy it"

"Music is my favorite lesson of the week"
